Dear Occupational Therapy Student:

Effective July 1, 2024, federal regulation requires institutions of higher education to make a determination whether a Title IV eligible academic program that leads to professional licensure or certification meets the educational requirements for licensure/certification in the U.S. State where the institution is located and the U.S. States where “distance education” students are located at the time of initial enrollment in the program, as well as U.S. States where the program is advertised as meeting such requirements, and if applicable, the U.S. State where students attest they intend to be licensed/certified. The Licensure-OT program at Stony Brook University’s School of Health Professions is registered by the New York State Education Department and thus meets the educational requirements for licensure/certification for New York State.

<b>STATE</b>	<b>Board of Occupational Therapy - Licensure Contact</b>
New York	<a href="https://www.op.nysed.gov/professions-index/occupational-therapy">https://www.op.nysed.gov/professions-index/occupational-therapy</a>

Through a good faith effort, and for the purpose of complying with the federal regulation, we have determined that the Speech Language Pathology program at Stony Brook University’s School of Health Professions meets the educational requirements for licensure/certification in the following U.S. States:

Arizona	Florida	Louisiana	Nebraska	Oklahoma	Vermont
Alabama	Georgia	Maine	Nevada	Oregon	Virgina
Alaska	Hawaii	Maryland	New Hampshire	Pennsylvania	Washington
Arkansas	Idaho	Massachusetts	New Jersey	Rhode Island	West Virginia
California	Illinois	Michigan	New Mexico	South Carolina	Wisconsin
Colorado	Indiana	Minnesota	New York	South Dakota	Wyoming
Connecticut	Iowa	Mississippi	North Carolina	Tennessee	Guam
Delaware	Kansas	Missouri	North Dakota	Texas	Puerto Rico
District of Columbia	Kentucky	Montana	Ohio	Utah	

However, it is important to note that Stony Brook University's School of Health Professions is not the licensure/certification authority in these U.S. States and cannot assess whether an individual candidate will be issued a license/certificate in these U.S. States and instead it is incumbent on each individual candidate to contact the licensure/certification authority in the applicable U.S. State for any further guidance on the requirements for licensure/certification requirements and application processes.

Sincerely,

Stacy Jaffee Gropack, PT, PhD, FASAHP  
Dean and Professor  
School of Health Professions  
Stony Brook University
