Dear Respiratory Care Student:

Effective July 1, 2024, federal regulation requires institutions of higher education to make a determination whether a Title IV eligible academic program that leads to professional licensure or certification meets the educational requirements for licensure/certification in the U.S. State where the institution is located and the U.S. States where “distance education” students are located at the time of initial enrollment in the program, as well as U.S. States where the program is advertised as meeting such requirements, and if applicable, the U.S. State where students attest they intend to be licensed/certified. The Licensure-Respiratory Care program at Stony Brook University’s School of Health Professions is registered by the New York State Education Department and thus meets the educational requirements for licensure/certification for New York State.

STATE	Board of Respiratory Care - Licensure Contact
New York	https://www.op.nysed.gov/professions-index/respiratory-therapy

Through a good faith effort, and for the purpose of complying with the federal regulation, we have determined that the Licensure-Respiratory Care program at Stony Brook University's School of Health Professions meets the educational requirements for licensure/certification in the following U.S. States:

Arizona	Georgia	Maine	Nevada	Oregon	Vermont
Alabama	Hawaii	Maryland	New Hampshire	Pennsylvania	Virginia
Arkansas	Idaho	Massachusetts	New Jersey	Rhode Island	Washington
California	Illinois	Michigan	New Mexico	South Carolina	West Virginia
Colorado	Indiana	Minnesota	New York	South Dakota	Wisconsin
Connecticut	Iowa	Mississippi	North Carolina	Tennessee	Wyoming
Delaware	Kansas	Missouri	North Dakota	Texas	Guam
District of Columbia	Kentucky	Montana	Ohio	Utah	Puerto Rico
Florida	Louisiana	Nebraska	Oklahoma		

However, it is important to note that Stony Brook University's School of Health Professions is not the licensure/certification authority in these U.S. States and cannot assess whether an individual candidate will be issued a license/certificate in these U.S. States and instead it is incumbent on each individual candidate to contact the licensure/certification authority in the applicable U.S. State for any further guidance on the requirements for licensure/certification requirements and application processes.

Sincerely,

A handwritten signature in cursive script that reads "Stacy Jaffee Gropack PT, PhD." The signature is written in black ink and is positioned above the typed name.

Stacy Jaffee Gropack, PT, PhD, FASAHP
